MANAGER'S MESSAGE

"I am totally confident that whatever the outcome, you will see some very exciting football next year"

First and foremost, I would like personally to thank you for your support this season and for the length of time you have followed this club, it really is much appreciated.

I was encouraged to join Wycombe Wanderers by Martin O'Neill, who is justifiably a great favourite with many fans, and although it has been very hard work, and at times frustrating, I can agree with Martin, that this is truly a great club, with great supporters, great direction and great ambition, and it is my desire to see that greatness realised in our team.

I am totally confident that whatever the outcome, you will see some very exciting football next year, and the beginning of us all working together to drive Wycombe Wanderers to the next level.

I genuinely can not wait for pre-season to start as I am really excited about getting going with the squad and building an entertaining team for next season.

To do this, I need your support, and urge you to buy your season ticket early for next season.

I am committed, I will be here next season, that's a promise, and I look forward to a great response from you, your family and friends in buying loads of season tickets.

When you buy your season ticket, you will go into a Prize Draw to win four matchday hospitality packages as my guests, at one of our home matches next season. Plus I'll throw in a name and numbered shirt from a Wycombe Wanderers player of your choice, a copy of my book and you can have my signature as well if you like. Not a bad deal hey!

Many thanks again for your support.

Yours sincerely

Tony Adams
Manager

CHAIRMAN'S MESSAGE

"The Football club has come a long way, but there is still a great deal to do and together we can make it happen."

We end a season of uncertainty and enter a new season full of opportunism, and promise. Why, because we have seen in the last twenty weeks how our new manager and staff have spent many hours to rebuild our Football team.

If dedication and commitment of time was the only measurement of success we would be top of the league. The number of miles Tony and Peter Cawley, his assistant, have travelled looking at players over this period have shown us the dedication to the task ahead.

I know you all appreciate the gesture of thanks for your support the players and staff now show to you after the match, and it is this kind of influence that is spreading throughout the football club, and why in particular I write these notes to give you encouragement to purchase a season ticket for next season.

"...with this management team we will see total commitment."

We will see a lot of new faces next season. Yes we may see a change in style, but I am sure with this management team we will see total commitment as can be witnessed over the last three months.

Next season the Football League will have a new brand and a new sponsor, a new image. Who knows what the Euro 2004 championship will throw up an exciting period to lead us into a new season.

Prudent housekeeping will be a major factor in going forward, and if we are able to get the new investment via a share issue, some resources will be available to the Manager.

In my position as Chairman I am fortunate to have first hand knowledge of the ideas and thoughts of the management team, and believe me the future on and off the field appears to look bright.

Gary Smith who played for us over a number of years and left to ply his youth trade at Wimbledon is returning to look after the youth team. His reputation in the youth area is excellent and the return of a former player will with Colin Barnes light up the future of the youth set up.

We have had a great 10 years in Division 2 – the longest of any club in modern times. I don't want to be a bottom third of Division 2 Club, our aspirations should be at least mid Division1 or high Division 2 consistency. If Tony Adams is half the manager I am convinced he is then allowing him the opportunity to regroup and rebuild albeit may be from Division 3 does not have to be a bad thing. Personally I like to see my team win a game and we haven't been doing that enough in 2003 and 2004.

The Board of Directors and management made some promises to the Fans to both improve communication and enhance the experience of the fortnightly visit to Causeway Stadium. Our recent Fans Forum will be followed up early in the new season. While we cannot claim Premiership experience on the pitch just yet we do believe we can offer this experience off the pitch on match days. As part of a two year programme we need to introduce upgraded facilities and catering to not only those fans who want to extend the game experience to include pre match catering and greater interface with club, officials and players every home game, but also offer a similar opportunity to those fans who want to celebrate birthdays, special events, special guests etc. on a less regular basis.

All loyal Blues fans deserve to be looked after and therefore for the third season running we are holding prices and repeating the super early bird deal to give everyone a lower season ticket cost opportunity.

At a time when the Club is going through changes and challenges both on and off the pitch, is a time for the Club, it's players, Manager, Directors and staff to fully appreciate the support of the Fans, which we do.

So come on you Blues, buy your season ticket and help start off next season with a bang!

Best wishes

Ivor L. Beeks
Chairman
